SELECTMEN'S REPORT

The Town of North Hampton is fortunate indeed to find itself in a leadership position among the communities in the state. Our zoning ordinance with stringent controls enables us to grow at a moderate rate, so that we may continue to provide all of the municipal services required. Our police, fire, and highway departments are among the finest in the area. Our library and town office complex are in keeping with the recommendations of our master plan. The town officials give credit for the aforementioned to you, the citizens of North Hampton, without whose support these things would not be possible.

Elsewhere in this Annual Report is an audit of the previous tax collector's records from the New Hampshire Department of Revenue Administration. The Board of Selectmen wish at this time to state that we have placed a claim with the bonding company and a tentative settlement has been agreed upon, in which the town will receive the taxes which were uncollected as shown in the audit.

I would like at this time to thank the past and present Town Officials who have made my term in office most rewarding. I am confident that you, the citizens and future Town Officials will continue to work together for a better North Hampton.

Respectfully Submitted,

Shaun G. Berry,

Chairman

DATES AND FACTS TO REMEMBER

The Selectmen meet the 2nd and 4th Monday evening of each month at the Town Office starting at 7:30. If you wish an appointment, please call the office before 5 p.m., so that your name will be on the agenda.

The Selectmens' office, Town Clerk and Tax Collector are open at the hours posted.

Property inventories will be distributed on or before March 25, 1976. If you do not receive one, they will be available at the Town Office. The due date for filing is April 15th. By State Statute, a property inventory must be filed if a tax appeal is to be heard, if you are requesting a Veteran's Exemption and if you are requesting an old age exemption.

To request a Veteran's Exemption, you must have a permanent form on file, at the Selectmen's Office and each year you must fill out and sign the inventory form in all places.

To request an Old Age Exemption, you must file the required form each year as well as the inventory form.

All forms will be available at the Town Office.

We are here to assist you and answer questions to the best of our ability.

SUMMARY OF FINDINGS
AND RECOMMENDATIONS

Board of Selectmen
North Hampton,
New Hampshire 03862

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts and records of Ralph B. Seavey, Tax Collector of the Town of North Hampton for the period January 1, 1966 to March 5, 1974. The examination was made by this Division in accordance with your request. Exhibits as hereafter listed are included as part of this report.

SCOPE OF AUDIT

Included in the examination and audit were the available accounts and records of the Tax Collector for the years 1965 to 1973. These consisted of all the property and precinct tax warrants for those years. Poll and head tax warrants for the years 1965 through 1970 and the 1971 resident tax warrant were not available for audit. The resident tax warrants for 1972 and 1973 were also audited. The resident tax records for 1971 were not available but were reconstructed from other available records. There were no tax sales held during the period examined. No cash book was

available for the period. Consequently, receipts were compiled from cash remittance reports held by the Town Treasurer.

GENERAL COMMENTS

Summary of Excess Debits and Credits (Exhibit 1)

Listed in Exhibit 1 is a summary of the excess debits and credits (by year of levy) resulting from the Tax Collector's operations during the period covered by this examination. It is noted that the Collector's overall operations, after verification of outstanding uncollected taxes, showed a net excess credit of \$1,558.32. This amount represents the excess of the aggregate credits during the period on account of remittances to Treasurer by the Tax Collector, abatements allowed by the Selectmen and uncollected taxes (as determined by this examination) over the aggregate statutory charges, i.e., taxes committed to the Collector, plus interest and penalties collected on delinquent taxes, for which the Tax Collector is legally accountable. The stated amount of excess credits (\$1,558.32) was computed after giving effect to the necessary reduction in the amounts of uncollected taxes shown by the Tax Collector's records due to the return of auditors' verification notices by certain delinquent taxpayers. Verification notices covering \$9,426.99 of delinquent taxes were returned as "undeliverable" by the U. S. Postal Service. The latter delinquent taxes are included as part of the uncollected taxes at March 5, 1974. Due to this factor and the overall condition of the Tax Collector's accounts for the period examined, we are unable to express an opinion concerning the actual amount of outstanding taxes due the Town of North Hampton as of March 5, 1974.

Summary of Property and Precinct Tax Warrants - Period January 1, 1966 to March 5, 1974 (Exhibit 2)

Included in Exhibit 2 is a summary of transactions in

the property and precinct tax warrants for the years under audit. A net excess credit of \$1,991.54 on property and precinct taxes is indicated as a result of these activities.

Summary of Yield Tax Warrants - Period January 1, 1966 to March 5, 1974 (Exhibit 3)

Included in Exhibit 3 is a summary of transactions in the yield tax warrants committed to the Tax Collector during the years under audit. A net excess debit of \$114.96 in yield taxes is indicated in this area of activity.

Summary of Interest Collected and Remittances to Treasurer - Period January 1, 1966 to March 5, 1974 (Exhibit 4)

This Exhibit shows the amounts of interest collected by the Tax Collector as indicated by the various tax warrants and the amounts remitted by him to the Treasurer on account of such collections. In addition to the interest reported on the Tax Collector's warrants, we have included interest paid by the taxpayers as evidenced by certain responses to our auditors' verifications but not recorded on the Tax Collector's records. A net excess debit of \$288.26 from this source has been determined to exist.

Summary of Resident Tax Warrants and Penalties - Period January 1, 1971 to March 5, 1974 (Exhibit 5)

The resident tax warrants and penalties collected were summarized for the period and reflected an excess debit of \$40.00 for resident taxes, less an excess credit of \$10.00 on penalties, resulting in a net excess debit of \$30.00 applicable to this activity.

Summary of Uncollected Taxes After Verification (Exhibit 6)

Exhibit 6 lists the uncollected taxes per the Tax Collector's warrants after adjustments thereto resulting from replies received by this Division from certain delinquent tax-

payers. Property and precinct taxes of \$130,129.22 and resident taxes of \$2,560.00 were delinquent and outstanding at March 5, 1974.

RECOMMENDATIONS

Our examination disclosed the fact that the Tax Collector has not held a tax sale as required by statute since 1965. Consequently, there remains an outstanding total of \$50,481.86 in uncollected taxes for the levies of 1965 to 1972 on which the Town has no tax lien.

R.S.A. 41:35, regarding the Duties of the Tax Collector, states in part that the collector shall keep in suitable records a fair and correct account in detail of the taxes due, collected and abated, and of all such property sold for non-payment of taxes. Further, he shall make a written report which shall contain the amount of taxes committed to him to collect, the amount of taxes collected, the amount of discounts allowed, the amount of taxes abated, the total amount of uncollected taxes and an account of all real estate sold by him to collect taxes.

The following statement is an excerpt from the "Public Officials" Surety Bonds issued by Peerless Insurance Co. covering the activities of Ralph B. Seavey, Tax Collector:

"Now, if the said Principal shall faithfully perform all the duties of his office, and shall discharge and satisfy all the liabilities for which he is by law answerable, then this obligation shall be void; otherwise to remain in full force and effect."

In view of the above consideration, it is our recommendation that the surety company be requested to reimburse the Town for the amount of taxes not collected as a result of Ralph B. Seavey's failure to sell all real estate for unpaid taxes assessed against the owners thereof during the period covered by this examination.

CONCLUSION

The provisions of Chapter 71-a, Section 21, requires that the auditors' summary of findings and recommendations (Letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of North Hampton for their assistance during the course of the audit.

Very truly yours,

FREDERICK E. LAPLANTE

Director

Division of Municipal Accounting
Department of
Revenue Administration

THE STATE OF NEW HAMPSHIRE
TOWN OF NORTH HAMPTON
TOWN WARRANT FOR 1976

L.S.

To the Inhabitants of the Town of North Hampton in the County of Rockingham, in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the School Building on Atlantic Avenue, in said North Hampton on Tuesday, the Second of March, 1976 at 1 o'clock in the afternoon; Business meeting to begin at 7:30 P.M.; Polls not to close before 7:30 P.M.; to act upon the following subjects:

ARTICLE I. To choose one Selectman for a term of three years, one Town Clerk, one Town Treasurer, one Collector of Taxes, and all necessary Town Officers for the ensuing years.

ARTICLE II. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

ARTICLE III. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money in anticipation of taxes.

ARTICLE IV. To see if the Town will vote to authorize and empower the Board of Selectmen or a majority of them to sell and convey the real property acquired by the Town by tax sale, any such sale to be at public auction to the highest bidder.

ARTICLE V. To see if the Town will vote to adopt the amendments to the Town Zoning Ordinance as proposed by the North Hampton Planning Board and as authorized under the provisions of N.H.R.S.A. 31:63.

(ON THE OFFICIAL BALLOT)

ARTICLE VI. On petition of G. Clifton Seavey and

thirty-three other voters of the Town, to see if the Town will vote to amend the Zoning Map by including the following described area within the Industrial Business District, I-B: Beginning at a point at the intersection of Post Road and Route 95, the New Hampshire Turnpike; thence running in a northeasterly direction along the westerly sideline of the New Hampshire Turnpike to the North Hampton-Greenland Town Line; thence turning and running in a westerly direction along the North Hampton-Greenland Town Line to the easterly sideline of Post Road; thence turning and running southerly along the easterly sideline of Post Road to the point of beginning.

Not recommended by the Planning Board

(ON THE OFFICIAL BALLOT)

ARTICLE VII. To see if the Town will approve the Ordinance of the Selectmen relative to Highway Regulation and Protection, as follows:

“1. Depositing snow and ice on town highways — It shall be unlawful for any person to put or place or cause to be put or placed any snow or ice upon the surface of the travelled portion of any Town Highway in the Town of North Hampton for any purpose, except to provide a place necessary for crossing, re-crossing and travelling upon said highways by sleds, logging or farm equipment. The provisions of this Ordinance shall not apply where snow or ice is pushed across the travelled surface of said highways for the purpose of snow removal from land adjoining said highways.

2. Penalty — Any person violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction therefor shall be liable to a penalty of not more than Fifty Dollars (\$50.00) for each offense.

3. Effective Date — This Ordinance shall become effective upon its passage.”

ARTICLE VIII. To see if the Town will approve the

Ordinance of the Selectmen relative to Night Parking, as follows:

“It shall be unlawful for any person having the custody or control of any vehicle to park or cause the same to be parked between the hours of 12 P.M. and 7:00 A.M. on any public street or highway in the Town of North Hampton so that said vehicle interferes with snow plowing and/or snow removal operations of the Town Highway Department between the dates of November 15th of each year to March 15th of the following year.

Penalty — Any person violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction therefor shall be liable to a Penalty of not more than Ten Dollars (\$10.00) for each offense.

Any vehicle parked on any Street in violation of this Ordinance may be ordered towed away by the Police of the Town of North Hampton at the expense of the owner or custodian of said vehicle.”

ARTICLE IX. To see if the Town will vote to authorize the Selectmen to sell to the highest bidder the Buffalo-Springfield Gas Roller now located in the shed behind the Town Hall.

ARTICLE X. To see if the Town will vote to discontinue Bashby Road.

ARTICLE XI. To see if the Town for the purpose of prescribing regulations governing conditions hazardous to life and property from Fire or Explosion, will adopt that certain code known as the Fire Prevention Code recommended by the American Insurance Association being particularly the 1970 Edition abbreviated and subsequent amendments thereto.

ARTICLE XII. To see if the Town will vote to adopt the 1973 National Fire Protection Association's Life Safety Code 101. This code deals with life safety from fire and like emergencies. It covers construction, petroleum and occupancy features to minimize danger to life from fire, smoke,

fumes, or panic before the buildings are vacated. It specifies the number, size and arrangement of exit facilities sufficient to permit prompt escape of occupants from buildings or structures in case of fire or other conditions dangerous to life. However private homes are excluded. This code gives the local authority jurisdiction.

ARTICLE XIII. To see if the Town will vote to name the new recreation area now being constructed in honor of General Henry Dearborn, born in North Hampton and one of our central Revolutionary War Figures, it being the opinion of the Bicentennial Commission that the new recreation area is a community project which fits the long term "Horizon" effort described by the American Revolution Bicentennial Commission.

Recommended by the Bicentennial Commission

ARTICLE XIV. To see if the Town will vote to authorize the withdrawal of \$3,000.00 from Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for the purpose of equipment for the Town Offices, consisting of a safe and 2 files, all fire-proof, and installation of them.

Recommended by the Budget Committee

ARTICLE XV. To see if the Town will vote to authorize the withdrawal of \$3,617.00 from Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for the purpose of maintenance work on Town Buildings.

Recommended by the Budget Committee

ARTICLE XVI. To see if the Town will vote to authorize the withdrawal of \$3,665.00 from Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for the purpose of a Fire detection system, consisting of a Base Unit in fire station and Detection setup in the Town Hall.

Recommended by the Budget Committee

ARTICLE XVII. To see if the Town will vote to authorize the withdrawal of \$4,300.00 from Revenue Sharing

Fund established under the provisions of the State and Local Assistance Act of 1972, for the purpose of purchasing for the Fire Department an Auxiliary Generator and 2 portable Radios.

Recommended by the Budget Committee

ARTICLE XVIII. To see if the Town will vote to authorize the withdrawal of \$4,589.00 from Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for the purpose of purchasing equipment for Mosquito Control.

Recommended by the Budget Committee

ARTICLE XIX. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be used, with the existing reserve fund, by the North Hampton Conservation Commission toward the purchase and/or acquisition of land and/or easements on behalf of the Town of North Hampton to be set aside for conservation purposes.

Recommended by the Conservation
Commission and Budget Committee

ARTICLE XX. To transact such other business as may legally come before said meeting.

GIVEN under our hands and seals this 3rd day of February, in the year of our Lord, Nineteen Hundred and Seventy-Six.

NORTH HAMPTON POLICE DEPARTMENT

REPORT OF 1975

January 12, 1976

Following Labor Day of 1975, the usual lull in police activities was not present. Since that time, we have been confronted with more serious crimes. There has been one armed robbery and one case of kidnapping and, in both instances, the perpetrators were apprehended. One has been tried and sentenced and the two involved in the armed holdup are awaiting trial at Superior Court.

Traffic problems have decreased and we have added a radar set to our equipment, aiding us considerably in the area of enforcing speed limits.

Following a serious accident early in the year, a petition to improve the grading at the intersection of Atlantic Avenue and Mill Road was drafted by the Police Department and submitted to the residents of North Hampton for signatures. We were able to forward this petition with 728 signatures to the State Highway Department and I feel this was a very impressive endorsement. Since the petition, survey teams and consultants have met at the intersection and suggested some changes. Although no official date for the changes has been given, I think that the Spring of 1976 is a very likely time.

Inasmuch as Shaun Berry is retiring from office in March, we would like to thank him for all his help during the past four years.

Respectfully submitted,

RALPH O'CONNOR

Chief of Police

NORTH HAMPTON FIRE DEPARTMENT

REPORT OF 1975

The Fire Department responded to 136 calls for the year of various causes, 45 more than in 1974. The calls consisted of 27 Mutual Aid to surrounding towns, 10 automobile accidents, 9 auto fires, 22 brush and grass fires, 1 major building fire and 67 miscellaneous fire and service calls.

In June 3 firefighters attended a 2 day Fire School in Laconia, N.H. and in September 2 more attended a 2 day school in Fitzwilliam, N.H.

The Fire Department dispatched the Ambulance 106 times during 1975 for medical aid. One permanent and one call firefighter took an E.M.T. course to qualify for the ambulance. All permanent firefighters are licensed for the Ambulance.

The Ladies Auxiliary and the Firefighters Association have purchased a new intercom system for the ladder truck.

Everyone should be reminded of the dangers of improperly installed woodburning stoves and fireplaces.

I would like to take this time to thank everyone who has helped the Fire Department and to invite anyone interested to stop in and see what we have and what the needs of the Department are.

We thank the Auxiliary for their help during the year.

Respectfully submitted,

WILBUR D. PERKINS

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

REPORT OF THE LIBRARY TRUSTEES

Our goal continues to be making the library useful to all North Hampton residents. Through the mailing permit financed by the Friends of The Library we will try to reach you with news of events and programs. We need your reactions on which to base our future plans — so won't you come on in?!

We have more borrowers than ever before, more browsers, more children enrolled in the Summer Reading Program and coming to story hours and special programs throughout the year. An adult book discussion group is in its infancy and we expect this to grow.

The Art Exhibits continue and are one of the most popular of programs. Through the efforts of Barbara Stenquist we have had the works of Charles Rice, Dodie Kelb, Helen Reagan, Charles Goodhue and the children of North Hampton grace the Meeting Room during 1975.

The loyal Friends of The Library group have held their monthly meetings and game parties providing interesting and friendly times as well as opportunities to work at the "chores" of the library. As a result of their Annual Hobby Show, Strawberry Festival and Membership Drive they have been able to provide the library with a new electric portable typewriter, a slide projector, tape recorder and cassettes, record player and an oblong table for the meeting room, a magic show for children during National Library Week and the purchase of a Bicentennial film (jointly with the Rye Library) which will allow us to borrow from a film library. You will be hearing more about this during 1976.

Through a suggestion from the Advisory Board the Library was opened on Sunday afternoons during Jan., Feb., and March with volunteer staffing. This experiment seemed successful and will be continued in this coming year.

The Historical Society has purchased *for the town* a microfilm viewer as their Bicentennial project. Through their cooperation with the Church of Latter Day Saints many of the towns historic records have been microfilmed and these will be available for viewing in the library. This opens an area of new materials.

We have worked with the Bicentennial Comm. of the town in their meetings and scheduling of events and will continue to do so.

Trustees and Staff have attended and participated in state and district meetings, workshops and conferences and find them to be helpful and stimulating. We join with many other libraries in book buying and film sharing in an effort to keep our costs down.

Our book collection has been evaluated by a Consultant from the State Library and areas of both strengths and weaknesses were pointed out to us. This report will be used as a guide to book selection in the next few years as we try to keep our collection current and relevant.

We thank you all for your support during the past year and look forward to further service in 1976.

REPORT OF THE BUILDING INSPECTOR

January 2, 1975

In 1975 the total value of construction was \$876,331. Of this amount, \$48,000 represents an addition to the North Hampton Village Shopping Center to provide for a state liquor store, and \$57,000 represents an addition to the Lafayette Lanes bowling alley. The balance represents 13 new homes, as well as additions, alterations and renovations to homes and businesses.

The Building Inspector is available to be of assistance on all projects within the town that are regulated by the National Building Code and the National Electrical Code.

Respectfully submitted,

REPORT OF THE NORTH HAMPTON CONSERVATION COMMISSION

In compliance with RSA 36A-2, the Conservation Commission submits the following report to the voters of North Hampton.

The members of the Commission met monthly throughout the year. We discussed and acted on many projects which we hope will help to preserve the quality of the land of the town.

At the request of the Planning Board, the Conservation Commission did a site analysis of the land proposed by the Town of Rye to be used as a landfill. We presented a map of the conditions as found and our recommendation that the land was unsuitable for a landfill site.

In January, the Commission wrote to the Hampton Planning Board expressing our opposition to their proposed rezoning of the land between the Exeter-Hampton Expressway and the North Hampton line from residential to industrial. Our concern and opposition stemmed from the adverse effect an industrial zone would have had on water tables, stream quality and the Winnicut River watershed in North Hampton. The voters of Hampton subsequently turned down the proposal at the polls.

We continued work on the map overlays of the town, some of which were displayed in the school lobby at the March 1975, Town Meeting. The maps have been used throughout the year by various other town boards.

The Commission has continued discussions of recycling programs and is investigating existing programs in neighboring towns with an eye to possible regional cooperation.

In April, a successful roadside clean-up day was again held with the help of many townspeople. Approximately 12 cubic yards of trash were collected from our roadsides. This year clean-up day will be Saturday, April 10th, so please plan to lend a hand.

The Commission has reviewed all Dredge and Fill permit applications received during the year, and in this regard wrote to Senator Robert Preston suggesting possible changes in the law which would give local officials more information about proposed dredge and fill projects, resulting in less delay and red tape for all concerned. Senator Preston has forwarded our suggestions to the Legislative Services Department in Concord, and is discussing with them the possibility of filing a bill to amend the current statutes.

The Town will soon take title to the 50.66 acres of land given by Mr. and Mrs. David Boies as a wildlife preserve. The Commission has arranged for a wildlife management plan to be prepared by a class at the University of New Hampshire under the direction of Professor Stevan H. Logsdon. Actual implementation of the plan will soon be started by the Wildlife Society of the University.

The Conservation Commission wishes to thank all citizens, town officials and friends who have assisted during the year, and to remind you that the Commission meets on the second Tuesday of each month at 7:30 p.m. in the Town Offices.

1975 REPORT OF THE NORTH HAMPTON RECREATION COMMISSION

This year the Recreation Commission of North Hampton had more than 200 youngsters enrolled in their summer program. The staff again included James Clifford as director Janelle Parrish as arts and crafts instructor, and John McIlveen and Susan Goddard as staff assistants.

There were trips scheduled every Wednesday—the group visited Pawtuckaway State Park, Mt. Chocorua, Canobie Lake Park, and a local movie. A bowling league competed weekly, with a trophy presented to the highest scorer. Another weekly feature was a “Special Event Day”, such as the July 4th celebration, a pet show, Junior Olympics, etc. The older boys and girls participated in two softball games with Rye, ending in a tie score again this year. Also, a surfing clinic was held when waves permitted, for a carefully selected group of youngsters whose swimming ability fulfilled the qualifications.

The program for this year concluded with a very successful Beach Day and arts and crafts exhibit at North Beach. Several of the crafts enjoyed during the summer program were on display and viewed by many town residents and visitors to the beach.

Three local newspapers carried stories and photographs of our programs and event winners.

Our program increased in size and variety of programs substantially this year, and also in parental interest and participation. North Hampton youngsters and the Recreation Commission are thankful for your interest and support.

MULTIPURPOSE PLAYING COURT BUILDING COMMITTEE

Approval of federal matching funds for the construction of a multi-purpose playing court and playing field on Exeter Road was received on August 28, 1975.

The project was immediately advertised for bid, and bids were opened at a public opening on September 30, 1975.

Robinson Construction Company of North Hampton was the low bidder, and a construction contract was awarded in October.

Construction has started, and the current completion date is May 1976. The paved area will be available for use at that time; however utilization of the grassed playing field will be deferred until the turf becomes fully developed.

Formal naming and dedication ceremonies will be announced at a later date.

MR. RICHARD JONES

1975 REPORT OF THE NORTH HAMPTON YOUTH ASSOCIATION

More than 600 youngsters participated again this year in Youth Association activities which included baseball, softball, soccer, football, hockey, and basketball. The baseball program was expanded this past summer to include a second Pony League team. Those involved with the Pony League felt the season was a very successful one, not only in terms of competitive performance within the League, but in that it offered twice the number of opportunities to play ball in the 13 to 15 age group.

For the second consecutive year our main fund raising event was the raffling of a hindquarter of prime Angus beef. Due to the success of this raffle and the stabilization of equipment requirements in various sports, the budget request for funds appropriated by the town is down by 19% from last year. All our funds are used for equipment and maintenance of playing fields.

It can never be emphasized enough how fortunate we are in North Hampton to have so many people who give of their time and knowledge to the Youth Association every year. Since all of our programs depend on volunteer help we would, at this time, like to encourage those who have, perhaps, thought about giving some time to become involved this year. Some of the areas where help is always welcome are coaching, umpiring, maintaining fields and equipment, and working on fund-raising. Again we thank those who give their time so generously each year and hope to see even more people becoming actively involved in the coming year.

Respectfully submitted,

JOSEPH C. EGGLESTON

President

NORTH HAMPTON AMBULANCE CORPS

January 2, 1976

At the time of writing this report of the North Hampton Ambulance Corps, already over one hundred calls for assistance have been responded to. This is an increase over last year's requests for aid in various forms of illness and injuries.

Fortunately we have the added assistance of Mrs. Jean Robinson R.N. and Mrs. Shirley Carter E.M.T., a schedule has been worked out to everyone's saaisfaction and all is going very well indeed.

No large expense has been incurred, the several "extra" pieces of equipment we have added have been paid for by contract money, and the many kind donations of our thoughtful townspeople, to whom we say a sincere "thank you".

Once again we say how very grateful we are to the men of the Police and Fire Departments, their extra "boost" on a heavy load and the many other extra things they do for us should not be omitted in our "thank you" words to one and all.

Bertha Wolfesen deserves an extra special "thank you" for the excellent job she does as our treasurer.

We see no reason to raise our rates, and contracts can still be obtained for the very reasonable amount of five dollars (\$5.00).

In summary, we of the Ambulance see no large expense in the future. All necessary equipment is carried along with us on every call. All is well with us, and we extend our sincerest wishes for a Happy and Healthful New Year.

Respectfully submitted,

NANCY L. CARTER

SEACOAST VISITING NURSE ASSOCIATION

Since the Seacoast Visiting Nurse Association was established six years ago, serving the towns of North Hampton, Hampton, Hampton Falls and Seabrook, the number of calls made have increased from 2,089 the first year to 6,068 this past year. Our staff now consists of five full time RN's. In addition to the nursing staff, we have under contract, a Physical Therapist and when needed the services of a Speech Therapist, and a full time secretary-bookkeeper.

During the fiscal year July 1, 1974 to June 30, 1975, 669 calls were made in North Hampton. Of these calls, 294 were made free of charge or at a reduced fee. It is agency policy to scale fees or provide service on a no-charge basis to those patients unable to pay. In addition to skilled nursing care, the services of our Physical Therapist were utilized by several North Hampton residents.

At present there are 34 children from North Hampton being followed at our Well Child Clinic. They are seen on a regular schedule for physical examinations, immunizations, counseling, blood tests, developmental testing, vision and hearing screening, urine tests and lead screening. We now hold two Dental Clinics each year for children ages 3 to 6 who are enrolled in the Well Child Clinic. Dental Hygienists employed by the State, clean the children's teeth, apply topical flouride and x-ray those who may need further treatment. These children are then referred to a local dentist for treatment at no cost to the families.

This past year a Flu Clinic was held in North Hampton and we are proposing to have a Blood Pressure Clinic in the near future.

Visits are made monthly to those persons who are included in the State TB program to observe for any adverse reactions to their prescribed medications and to assist them in making appointments for adequate follow-up care.

We are also involved with the After Care program with the Seacoast Regional Counseling Center. Referrals are made to the appropriate agencies when the need arises. Some of these resources are Family Planning Clinic, Crippled Children's Clinic, Pediatric Cardiac Clinic, Child and Family Services, Welfare and Legal Aid, and also the Homemaker-Home Health Aid Agency.

Our growth is evident and the community shows increasing awareness of our programs. The Agency office is located in the Bryer Building, 20 A High Street, Hampton, N. H., and any resident is welcome to visit.

On behalf of the Board of Directors, I wish to express our appreciation to the four towns involved, to the organizations and private citizens who have contributed to this worthwhile work and to the women who volunteer at the Well Child Clinic. The Board is very proud of our nurse director, Mrs. Doris Gardner and of the nurse supervisor, Mrs. Jane Larrabee and their staff of dedicated and conscientious nurses and secretary.

NORTH HAMPTON

MOSQUITO CONTROL DISTRICT 1975

A comprehensive study of mosquito breeding sites throughout North Hampton was carried out last summer by entomologists from the University of New Hampshire. Some thirteen varieties of mosquitos were identified and their habitats located. Some of these were potential carriers of encephalitis and also heartworm in dogs. The townspeople showed courtesy and cooperation to these young men conducting the survey enabling them to take water samples throughout the town. A list of simple preventive measures for home owners was also sent home with the school children. Brochures concerning approved chemicals, larviciding, adulticiding, etc. were left in public places such as the library.

The October public meeting drew a large attendance. Mr. James Katkin, entomologist, answered questions regarding breeding sites and control methods.

It was encouraging for us to attend a state meeting in Concord in November and learn that over 25 other towns are inaugurating mosquito control programs in 1976. Mosquito Control is catching on like wildfire. We can be proud along with Hampton that we took the first steps in the state toward a Mosquito Control Program.

NORTH HAMPTON BICENTENNIAL COMMITTEE

Organized after public approval in 1975, the committee was named by selectmen to include Peter Brooks, Charles Coveney, Terri Cowdrey, Mollie Osborn, and JoAnn Parkinson. Others who have agreed to served are David Chevalier, and Ted Kopanski.

First activity took place on Memorial Day when a float containing the model of the old brick schoolhouse accompanied the parade and was later left on the fire house lawn for the summer. Films were shown in the library that evening.

Our July third celebration started with a drill ride performed by an area pony club. We then proceeded to a showing of the film "Johnny Tremain" at church. At sundown there was an ecumenical service held on the north hill triangle, and then an old fashioned bonfire on the site of the proposed recreation area.

On Columbus Day three bicentennial flags were presented to those in charge of the flagpoles at the town offices, North Hill, and the Elementary School. A senior citizens' luncheon at noon was provided by the Women's Fellowship at the church and the student history club presented a slide show of old North Hampton.

On Veterans Day a brass plaque describing the Paul Revere bell that rings in our town hall was presented to the selectmen. The film "Mary Kates War" was shown in the evening at the library.

For 1976, we have planned even more activities to bring townspeople together and to commemorate our nation's 200th birthday. We hope that you will all join in.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of North Hampton:

I submit, herewith, my annual report for the North Hampton School District.

In my report for 1974 I expressed the hope that we would return to a more normal economic situation. Such has not been the case. Inflation creates problems in purchasing for the District and also in reimbursing District employees who are faced with increased living costs. It may well be that normalcy is a continued spiraling of costs.

In an effort to maintain and to increase staff effectiveness an instrument for evaluating classroom teachers has been developed by local and union administrators. As of this writing this is in the hands of all school board and certificated staff members for their reaction. It is my intention to present a plan to the combined school boards of Supervisory Union #21 before the end of the present school year to be effective as policy in September of 1976.

The Supervisory Union Staff Development Plan has been accepted by the State Department of Education and is in the process of being implemented. The concept has been developed at the State level with the intent of improving instruction locally by giving the local school superintendent more authority in the periodic recertification of staff members. We still have a long way to go to make the Plan functional.

Changes in state special education laws have necessitated that the Assistant Superintendent spend almost all of his time in that area. The major responsibility has now been returned to the districts and as of December of this year Dr.

Anderson will be involved in what he was hired for — curriculum analysis and development.

Your local school has so far escaped the overcrowding that has prompted construction in several of the other elementary school districts within the Supervisory Union. As you probably know from your high school students and the news media this is not so at our high school and accordingly the problem is being investigated.

Ever since I was in high school in the late 40's I have heard that the public schools of America have failed us. It went from the capabilities of recruits and inductees in World War II to Sputnik and now to the economy. The answer in these past twenty-five years has been "return to the R's" and more "discipline."

It is my experience that we have never left the "three R's" and actually our youngsters are doing better in reading, writing and arithmetic than ever before. They are doing this with better trained classroom teachers and better materials while at the same time facing increasing pupil population requiring expanded curriculum offerings to meet new needs.

Discipline has changed as society has changed. The schools have had to cope with more permissiveness at home, different laws and court rulings, less stringent requirements to get into college. Values are rapidly changing in our society as a whole and in our families in particular. Many of the conflicts manifested by our children through their actions at school and at home are the result of these value changes. Together, parents and teachers may help each other understand these changes in order to allow progress to go on intelligently. This can only happen if there is a continuing dialogue between them.

The following are enrollment figures for all schools in Supervisory Union #21 as of December 31, 1975 and num-

bers of certificated and non-certificated staff members in the Union.

The task of formally educating your children is shared by you, the North Hampton School Board members, the staff at your school, and personnel at the Supervisory Union #21 office. I thank all for their efforts and assure you the job is being well done.

Respectfully submitted,

RICHARD C. HAMILTON, Ed.D.

Dr. Richard C. Hamilton
Superintendent of Schools
Landing Road
Hampton, New Hampshire

Dear Dr. Hamilton:

My third report to you is indicative of the support the community gives its school in order to provide the best instruction possible for its children.

Last year the staff was concerned about the level of skill shown by our pupils in math computation. As a result, several meetings were held with State Department consultants and Supervisory Union staff. Our conclusion was that a new math textbook, more in keeping with our objectives, was needed. After a series of meetings with representatives of publishing companies, we selected a textbook which suited our needs. The School Board supported our recommendation. After four months of using the series in our classrooms, the teachers continue to hold their enthusiasm which is shared by both pupils and parents. We are hopeful that test results will prove the superiority of the new textbook series.

The science program was also targeted for study this year. Although the teachers were doing an excellent job with the old materials, there was a lack of sequence from grade to grade. In addition materials and methods which could be used flexibly to meet the unique learning needs and styles of pupils were needed. The staff spent much time researching the field to choose one suited to our goals. We think the choice was an excellent one and a wise investment.

North Hampton School has continued to have success in extracurricular activities. Our elementary band enjoys a fine reputation. Choral music was expanded to two choruses. A new art club attracts many talented youngsters. The history club has taken on the project of researching an old tin shop in town.

The Student Council, with representatives from grades 5 through 8, is providing leadership experience for pupils.

Last, I would like to mention briefly the plays, the programs, and projects that are regularly done by our pupils under the direction of dedicated teachers.

We are looking forward to the continuance of our efforts to meet the unique needs of children. I am sure, with the continued support of the community for our work, we shall make greater improvement in the provisions and environment for learning.

I would like to close by thanking you and your staff for the help given me this year and the community for its continued support.

Sincerely,

THOMAS H. BURBANK

Principal
